Dear Sir:

Have this evergreen seed of 195⁸ crop. Cones were gathered from the Great Lakes Region, Wisconsin, Minnesota, and Michigan. Can give you seed from which state you prefer your seed from, locality, altitude and germination. I keep the cones and seed separate from the three states.

Also gather Shrub and Hardwood Seeds.

If you would like more information on the seed, please write me.

RED PINE (Pinus Resinosa)	\$	per lb.
WHITE PINE (Pinus strobus)	\$	per lb.

Dear Sir:

My son and I gather and extract the seed from evergreen trees, from the Lake States region. We also have the seedlings to sell of the evergreen trees. The open cones for wreath makers and different kinds of weeds. Gather tons of seed and can fill large orders.
